Bill Brew

Representatives:

APS:

Ruthe Dreiling

COPO

Al Greene

AFDCS:

Dick Dreiling

Membership:

Dave Starr

The month of September passed like an Autumn wind. On Sept. 7, we had the annual picnic at Rock River Park. There was a mixup in the reservation of the covered area, but we were able to enjoy the sunshine and the company of many of the members. Hotdogs and hamburgers, ala Chef Dreiling, were deftly passed to the members and guests. We did break up a little earlier than normal and some of the members arrived too late. We hope that next year will be back to normal and all that desire will be able to attend.

This was followed by the Reno Championship Air races. WE did very well this year. Our income was 3 times the amount of last year. We learned what the people wanted and planned to correct this for 1986. Already plans for material to sell are being processed. The actual profit has not been calculated at this time. We will publish that in the next Post-Boy.

On Sept. 28, Jack Barriage took over the reins as the new President of NSSS. Our best wishes and congratulations go to Jack. He will do a fine job.

Our first meeting in Sept. which was on the 28th was short and sweet and covered all the information up to date on the various projects we had completed. After which the members talked shop. Refreshments were through the courtesy of David Starr, who was unable to attend. Dave recently was in the VA hospital, and is now recuperating at home. Thanks, Dave and hope for a speedy recovery.

The winter season will now begin and our programs will reflect this. We have some nice ones coming up, including the annual Christmas Party. Oct. 12th will have a slide show on the trains of Nevada. Plan to attend and enjoy a few surprises.

If you have any ideas for programs, please forward them to the board members. Sometimes we think we have covered everything, but you can bet we will forget to cover some subject that may be of interest to the members and the only way we know is for you to refresh our memories. So speak up and give your thoughts for a good program.
